

EXPENSE MANAGER PROJECT REPORT

(Web Development project)

Technologies used:

This web application is developed using technologies like
Html, CSS , PHP.

Description:

Expense Manager is a web-based project designed to help users keep track of their expenses. The project offers a simple and user-friendly interface to add and delete expenses, as well as manage their personal profile.

The project includes a registration and login system, which enables users to create an account and securely access their data. After logging in, users can access their personal profile, which contains their name and their email address.

The expense tracking system is the main feature of the project, allowing users to add and delete expenses, along with relevant information such as the expense category, date, and amount. making it easier to analyse and manage their spending.

In addition to the expense tracking feature, the project also includes an option to generate pie charts that summarize users' expenses for a given time period.

The project also includes a logout feature, which ensures that users' data remains secure and protected when they are not using the platform.

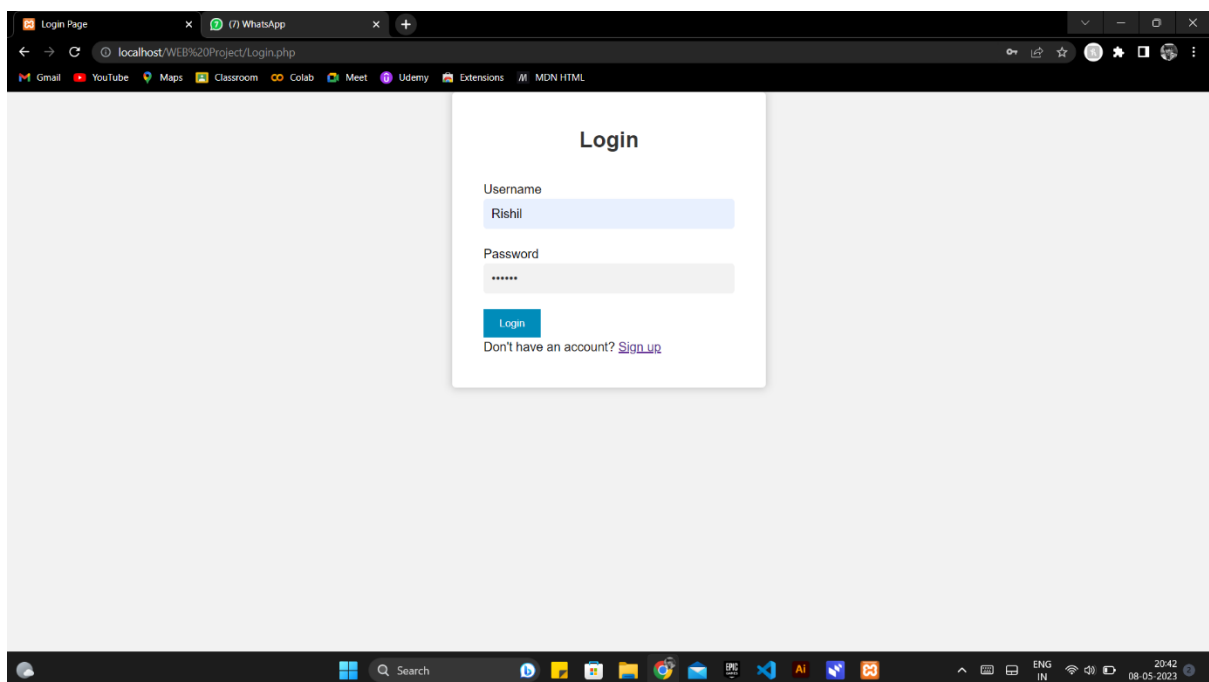

Pages:

This application contains

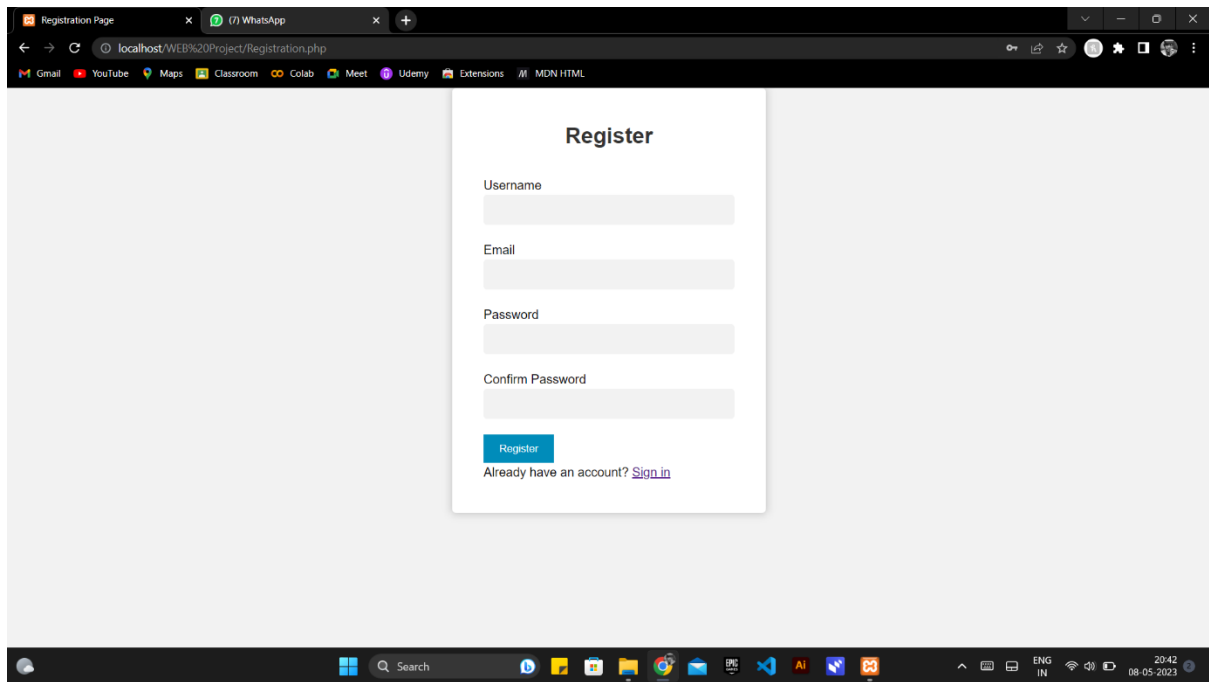

- Login page
- Registration Page
- Planner Page
- Profile I-Frame

Screenshots:

Login Page -:

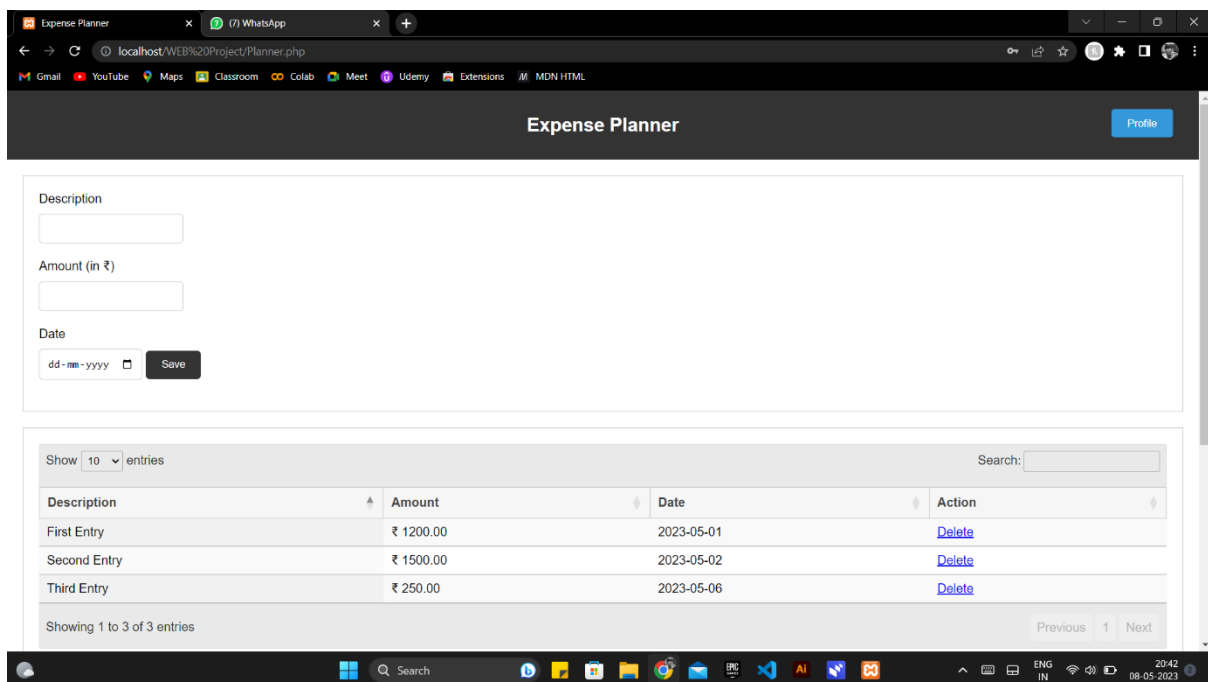

Registration Page:-

The screenshot shows a web browser window with the address bar displaying `localhost/WEB%20Project/Registration.php`. The page features a central white card with the title "Register". Inside the card, there are four text input fields labeled "Username", "Email", "Password", and "Confirm Password". Below these fields is a blue "Register" button. At the bottom of the card, there is a link that says "Already have an account? [Sign in](#)". The browser's taskbar at the bottom shows various application icons and the system clock indicating 20:42 on 08-05-2023.

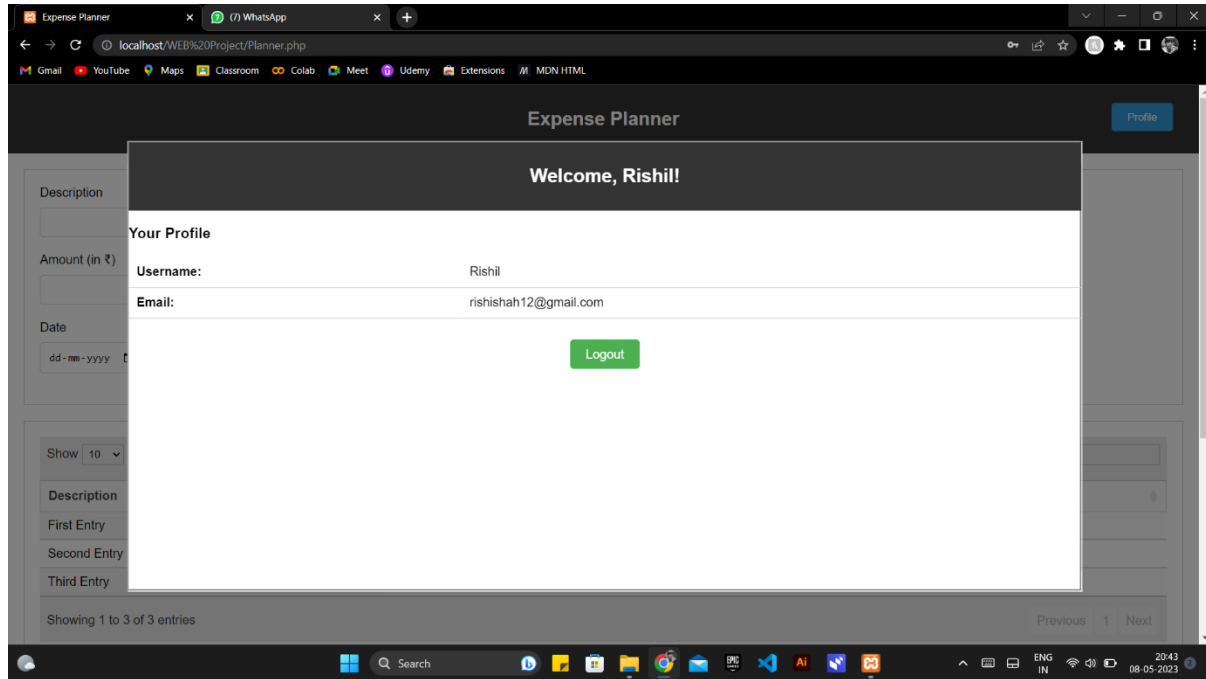

Planner Page:-

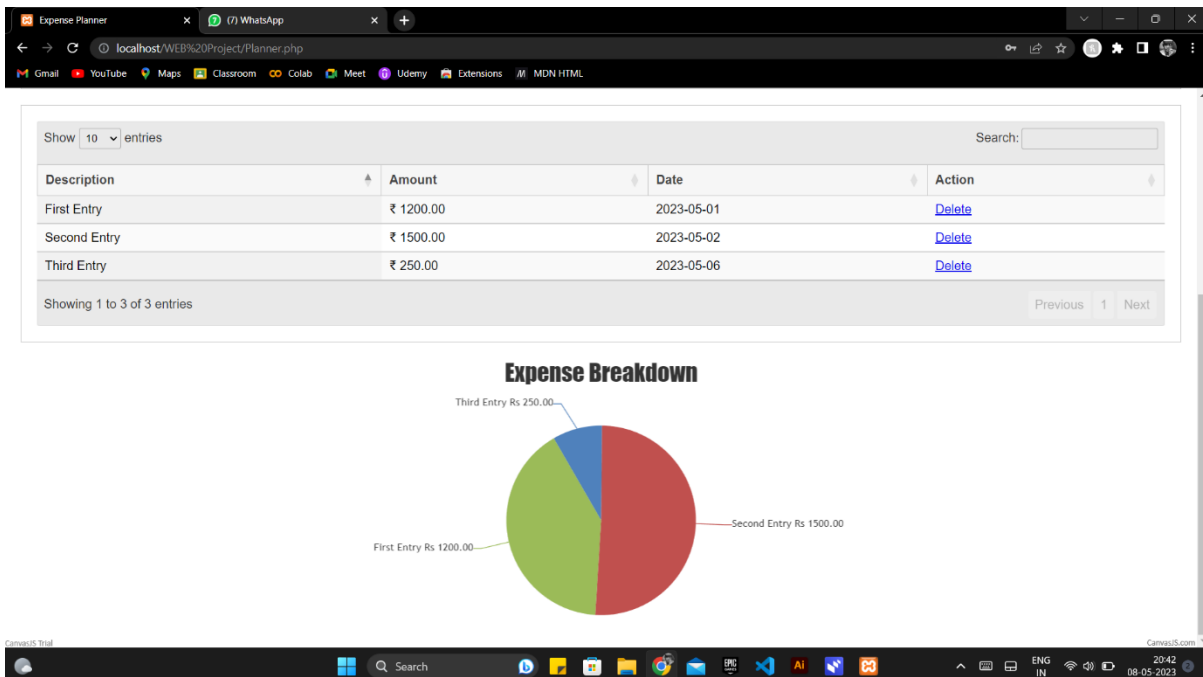

The screenshot displays a web browser window with the address bar showing `localhost/WEB%20Project/Planner.php`. The page has a dark header with the title "Expense Planner" and a "Profile" button. Below the header, there is a form for adding new entries with fields for "Description", "Amount (in ₹)", and "Date" (formatted as dd-mm-yyyy), along with a "Save" button. Underneath the form is a table listing existing entries. The table has columns for "Description", "Amount", "Date", and "Action". It contains three entries: "First Entry" (₹ 1200.00, 2023-05-01), "Second Entry" (₹ 1500.00, 2023-05-02), and "Third Entry" (₹ 250.00, 2023-05-06). Each entry has a "Delete" link in the "Action" column. At the bottom of the table, it says "Showing 1 to 3 of 3 entries". The browser's taskbar at the bottom shows various application icons and the system clock indicating 20:42 on 08-05-2023.

Description	Amount	Date	Action
First Entry	₹ 1200.00	2023-05-01	Delete
Second Entry	₹ 1500.00	2023-05-02	Delete
Third Entry	₹ 250.00	2023-05-06	Delete
